

# Disasters Happen

**PREPARE NOW** **LEARN HOW**

October was Emergency Preparedness month. In the event of an Earthquake, everyone should have a personal disaster supplies kit. Keep these kits where you spend most of your time, so they are easily reached if your building is badly damaged. The kits will be useful for many emergencies. Having emergency supplies readily available can reduce the impact of an earthquake or other emergency on you and your family.

**More Prepared** has offered to donate a portion of the sales from PRCS back to our school!

If you are interested in preparing your family, please visit [www.moreprepared.com](http://www.moreprepared.com) and enter PRCS2018 through November 30th!

## Kits Should Include:
