Dear Parent or Guardian:

A child’s oral health is very important to their overall health and ability to learn. Effective January 1, 2007, California law (Education Code Section 49452.8) requires that children in kindergarten or first grade, whichever is their first year in public school, have an oral health assessment (dental check-up) by May 31. Please take the attached Oral Health Assessment form to your child’s dental office and have it completed by the dentist or dental health professional. Please return the completed form by May 31, 2017.

Proof of a dental check-up in the last 12 months before your child enters school also meets this requirement. If you don’t have medical or dental insurance for your child and would like assistance getting insurance, call the toll-free Helpline of the LAUSD Children’s Health Access and Medi-Cal Program (CHAMP) at 1-866-742-2273. If you need information on services and referrals, you can also call the county information line at 211.

For free and low-cost health services, you can call the Los Angeles County Department of Public Health at 1-800-427-8700 or the Los Angeles Dental Society at 213-380-7669. If you cannot take your child for this required assessment, please indicate the reason for this in Section 3 of the form. You can get more copies of the form at your child’s school. All schools will maintain the privacy of students’ health information.

Healthy teeth help children eat properly, talk, smile, and feel good about themselves. Even baby teeth are very important. You can help your child by doing the following:

• Take your child to the dentist twice a year for a check-up.
• Brush teeth at least twice a day with toothpaste that contains fluoride.
• Choose healthy foods for the entire family. Fresh foods are usually the healthiest foods.
• Limit candy and sweet drinks, such as punch or soda, which cause cavities and can lead to weight problems.

If you have questions about the oral health assessment requirement, please contact main office.

Sincerely,

Mary Melvin
Principal
**ORAL HEALTH ASSESSMENT/WAIVER REQUEST FORM**

California law, *Education Code* Section 49452.8, now requires that your child have an oral health assessment by May 31 in kindergarten or first grade, whichever is his or her first year of public school. The law specifies that the assessment must be performed by a licensed dentist or other licensed or registered dental health professional. Oral health assessments that have happened within the 12 months before your child enters school also meet this requirement. If you cannot take your child for this assessment, you may be excused from this requirement by filling out Section 3 of this form.
